

## A thing

**What can I know about a thing?**

About anything, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about a thing?**

## Potato

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Rocket

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Water molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Brain

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Mountain

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## World

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Sun

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Paper

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Pencil

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Pen

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Eraser

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Schoolbag

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Classroom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Playground

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Book

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## DNA

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## RNA

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Gene

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Protein

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Phosphodiester bond

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Peptide bond

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ribosome

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chromosome

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## History

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Light

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Sound

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Atom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ion

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Free radical

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chemical bond

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Electron

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Proton

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Neutron

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Positron

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Photon

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Neutrino

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Magnet

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Electromagnet

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lotus flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Rose flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Jasmine flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Tulip flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Dahlia flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Mimosa flower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lavender

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Strawflower

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Coconut tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Banana tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Banyan tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Tamarind tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bamboo tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Palm tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Sugarcane

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Sandalwood tree

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

**Computer****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****Processor****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****Microcontroller****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****Software****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****Compiler****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****Keyboard****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****DVD****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?****RAM****What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Heart

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Liver

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lung

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Stomach

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lip

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Hip

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Eye

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ear

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Nose

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bone

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Nerve

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Neuron

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Synapse

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Axon

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Blood

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Red blood cell

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## White blood cell

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Antigen

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Antibody

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Enzyme

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Insulin

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cancer cell

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Artery

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Vein

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Kidney

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Testis

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Penis

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Vagina

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Hair

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Face

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Eyelash

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Retina

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Fructose molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Glucose molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Oxygen molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chlorine molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Carbon atom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Benzene molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Phenol

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cholesterol

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cell

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Mitochondrion

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chloroplast

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chlorophyll

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Hemoglobin molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Iron ore

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Sand

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Pot

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lock

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Key

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Door

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Window

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Wall

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Kitchen

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bathroom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bedroom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Government

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Law

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Prison

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Parliament

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Society

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Family

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Earthworm

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Housefly

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cat

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Rat

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Tiger

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lion

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Donkey

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Buffalo

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Owl

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Hen

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Snake

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Monkey

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Snail

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Amoeba

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Human Immunodeficiency Virus

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Information

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## College

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## University

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Action

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Event

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Clock

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Knife

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Gun

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Atom bomb

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Nuclear bomb

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Nuclear reactor

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lorry

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bus

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ship

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Airplane

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Love

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Friendship

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Time

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Space

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Voltmeter

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ammeter

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Battery

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lux meter

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Wire

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Semiconductor

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Energy

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Engine

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Point

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Line

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Plane

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Volume

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Space

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Vacuum

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Force

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lens

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Table

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Graph

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chart

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Map

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Calculator

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bottle

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Equation

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Operator

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Operation

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Operand

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Logic

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Science

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Experiment

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Test

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Analysis

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Synthesis

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Process

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Photosynthesis

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Grinder

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Methane molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Ethane molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## A word

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## A sentence

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## A poem

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Rock

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Soil

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Building

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cow dung

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Horse

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Elephant

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Electromagnetic wave

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Onion

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**
